

VEGA DAILY

Vega, China Vitamins Manufacturer

VITAMINS TO VEGA

8th, Nov, 2023

01 Vitamin | Vitamin E

On November 7, most manufacturers in China increased their price offer for vitamin E(feed-grade) to USD 8.4/KG. The market is expected to keep stable in future.

02 Amino acid | Valine

At present, the market is a bit weak for the current supply is incaeasing and the demand is not very strong, price around USD2.15/KG.

03 API | Avermectin and Ivermectin

The prices of avermectin and ivermectin have been stable recently, and the market demand is average. The current market price of avermectin is around USD 55/ KG, the price of ivermectin is around usd 115/KG. It is expected to remain stable in the near future.

04 Food additives |

Angel Yeast: We are currently investigating overseas expansion of production or building factories. On November 6, Angel Yeast released investor survey records showing that overseas markets currently account for the majority of the company's revenue growth, so the company will have longer-term market development plans overseas in the future. The company is currently actively investigating overseas locations suitable for expansion of production or construction of factories.
