Vega, China Vitamins Manufacturer

VITAMINS TO VEGA

15th, Nov, 2023

01 Vitamin | Vitamin C

Since Nov 14, the main domestic manufacturers stop quoting. Before stop offering, China's export FOB price is about USD2/KG.

02 Amino acid | Threonine

The recent market is stable, the end users prefer wait-and-see attitude. Now the export price is about USD1500/T but with late delivery time.

03 API

This week, Zhejiang Haisheng Pharmaceutical will be on the Beijing Stock Exchange. Haisheng Pharmaceutical is mainly engaged in the research and development, production and sales of veterinary drug apis, pharmaceutical apis and intermediates.

04 Food additives

Recently, affected by the market situation, Chinese domestic tonnage transaction price of xylitol is about USD3-3.2/KG. There is little chance of a subsequent decline and we will continue to monitor the market.
